Retail Merchants Group Votes to Oppose Any System of Grading Village Restaurants

Retail Merchants Committee of the Palm Springs Chamber of Commerce last night went on record opposing any system of grading for Village restaurants.

A resolution expressing this opposition will be presented to city council at its meeting tonight. Council is considering a restaurant grading ordinance.

In other action, the Merchants: Heard a recommendation from its Traffic Study Committee that Belardo Road be made a through north-south street. Irwin Schuman of the Chi Chi pledged full support to the program, even to the extent of giving part of his parking lot to the project.

Named Arthur Elrod, newly appointed director, as chairman of a permanent fund raising committee to conduct campaigns for funds for recognized charities through a block captain system.

Voted support of the Desert Museum among the Retail Merchants, and the conducting of a membership drive. The appeal for aid was made by Lloyd Simon.

Adopted a resolution asking that a municipal golf course be constructed here. Action was taken after hearing a proposal by Councilman Earle Strebe that a course

be built by the city and then operated by a private company. Merchants, in their resolution, asked that a municipal course be constructed, but if this is impossible, supported Strebe's proposal. Approved its Easter promotion.

SURREY REJECTION INDICATED UNLESS TERMS ARE CHANGED

The permit issued November 9 by the city to Ed Aldridge to operate a five-unit public transportation system in Palm Springs will have to be amended before the assistant commissioner of corporations will study the surreys director's petition for incorporation.

The matter will be discussed by city council tonight at its regular meeting at the city office.

Attorney Saul Ruskin, one of five persons who would be directors of the corporation, said commissioner H. A. Smith had told him that the stipulations of the city permit are not satisfactory.

The city granted a one-year permit that could be revoked arbitrarily on 30-days notice.

Ruskin said that Smith told him a 10-year permit, with more clearly defined revocation reasons, would probably be needed for approval by his office.

The five directors include Ruskin, Aldridge and his wife, and a couple from Long Beach. Though they may have the money to finance the operation, they desire a practical operating foundation which would give them a sense of security.

One of the factors involved was possibility of a future change in personnel in the city council.

Other items planned for council discussion, starting at 8 p.m., include an analysis of the current conditions of the sewer system.

Car Wash Theft Hearing Today

Willie Davis, 55-year-old worker at the Desert Car Wash, is scheduled to face Eugene Theriault's court this afternoon to enter a plea to a petty theft charge.

Davis admitted to police that he stole \$178 from the strong box of the car wash Saturday afternoon, using most of it as the down-payment of a used car at Palm Springs Lincoln Mercury after an elaborate scheme to defraud investigators.

While investigating the theft, Capt. Orest Johnson learned of Davis's 31-year-old girl friend, Alice Sarah Walker, of Palm Springs.

She received a suspended 30-day jail sentence on a prostitution charge yesterday after she agreed to stay out of Palm Springs and legal trouble for two years. The money was returned to the car wash firm, and the car to Lincoln Mercury.

program, which will feature the theme, the "Western Town with the Easter Air." Advertisements will display an Easter bunny wearing sun glasses.

Retail Merchant chairman Adrian Rosen presided at the meeting.

Order Takes 'Too Slow' Speed Case from Trial Court

Superior Court Judge Russell Waite, yesterday afternoon granted a writ of prohibition against Beaumont Judicial District Judge Philip Truby in the traffic citation case of Helen Werner Yankwich, wife of Leon R. Yankwich, chief judge of the Southern district United States district court. They are winter residents of Palm Springs.

Mrs. Yankwich was arrested on December 31, 1955, by Beaumont police officer H. P. Shull, for traveling too slow through town and traveling in the outside lane.

A trial held in Judge Truby's court on February 24 and 25, resulted in a hung jury, and Judge Truby in ordering a retrial for March 23 refused a petition for a change of venue by defendant's attorney Warren Slaughter of Palm Springs.

In granting the writ yesterday, Judge Waite ordered Judge Truby "to desist and refrain from any further proceedings" in the action and ordered to show cause why the Beaumont Court should not be absolutely restrained from any further proceedings in the case.

A hearing on the writ has been set for April 19, 1956, in Judge Waite's court at 2 p.m.

The traffic fine, which would amount to approximately \$28, according to their attorney, is being fought by the defendant because she believes that it is persecution of citizens. On the day of the alleged offense, Judge and Mrs. Yankwich say they were traveling at 25 miles per hour in a 25 mile zone next to another automobile traveling at the same speed. The defendant claims that officer Shull was traveling behind their car, blowing his horn for them to speed up, and when Mrs. Yankwich refused to break the speed law, she was arrested for "going too slow."

The case, which has already run into many hundreds of dollars in taxpayers' money, is being handled by deputy district attorney James Kellan.

Britain Can't Figure Which Side U.S. is On

LONDON — Prime Minister Anthony Eden demanded a vote of confidence today on Britain's policy toward Cyprus.

And as Eden went before the House of Commons for the vote, the flabbergasted Foreign Office was still trying to discover whose side the United States was on.

Parliamentary observers said Eden also may discuss Britain's views on U. S. Ambassador Cavendish Cannon's expression of "sympathetic concern" to the Greek government over Cyprus, a statement that hit Britain like a bombshell.

The Foreign Office was caught off guard by Cannon's statement. It was embarrassed both by the statement and by State Department spokesman Lincoln White's remark that negotiations with Cypriot leaders should be resumed as soon as possible.

NICOSIA, Cyprus — Cypriot extremists shot and killed an English police sergeant and seriously wounded a Turkish constable and a Cypriot civilian today in the first fatal violence since the deportation of Archbishop Makarios.

British authorities immediately launched a massive search with dogs for the assassins and imposed a strict curfew on the center of the city to help stem expected new attacks.

The British victim was the first to be killed of a group of London bobbies and small town officers brought to Cyprus to help control anti-British riots, bombings and shootings.

Leibling Says He Won't Sell

A. M. Leibling, president of Mutual Enterprises, Inc., last night notified City Manager R. W. Peterson that under "no circumstances" would his company consider selling any portion of the land located adjacent to Tahquitz Drive between Palm Canyon Drive and Indian Avenue, for use as a municipal parking lot.

Negotiations have been under way for some time, with a condemnation suit filed by the city on behalf of a parking district set for April 30 in Indio Superior Court.

A wide variance in price has existed during that time. Leibling said the only action now open to council is to abandon the project and "let us go ahead with construction of the most beautiful building on Palm Canyon Drive, with plenty of private parking."

Council is expected to discuss the matter tonight.

Greyhound Buses Nearer Strike

SAN FRANCISCO — Negotiations for Pacific Greyhound drivers and station agents in seven Western states, supported by a 95 per cent strike vote of the union membership, met with company officials today in an attempt to agree on a new contract.

The old contract expired March 2, and the Amalgamated Motor Coach Employees Union announced last night that the overwhelming majority of its 3300 members in California, Oregon, Nevada, Utah, Arizona, New Mexico and part of Texas have agreed to strike action, if necessary, to obtain a new one.

New Snowstorm Hits Middlewest at Season's End

The dogged winter season, with less than a week left to live, sent a new snowstorm-blowing through the midlands today.

From two to four inches of snow were posted for Northern Indiana and lower Michigan.

A surprise snowstorm greeted morning rush hour traffic in Chicago and five persons were injured when a bus slid into a utility pole.

Forecasters said the snow would range as high as five inches in the Chicago area.

The snow served as the icing to a conglomeration of rain, drizzle, and fog in the East and South, and icy rain and fog in Southern Illinois, Missouri, and Northern Arkansas.

The rain-fog combination spread over the Middle Atlantic states, the Southern Ohio Valley, Tennessee, and Northern Alabama, Mississippi, and Georgia.

Western Tennessee and Kentucky were doused by heavy rains, including a 1.54 downpour at Hopkinsville, Ky.

In Southern Illinois, the late winter outbreak was accompanied by earth tremors and a loud rumble which rattled windows and startled residents. The shake was felt over a wide area, but seismographs reported no earthquake.

'Oh, To Hell with It,' She Decides and Leaves Man to Burn in His Modesty

OMAHA — A 64-year-old Omaha man suffered severe burns when his clothing ignited. A neighbor, Miss Mary Vopalka, saw the man's clothing afire and rushed to his aid.

She smothered the fire in his outer clothing with her coat, then pulled off the smoldering overalls, jumper and shirt Mislavec wore.

But when she tried to remove his burning underwear, Mislavec said "Don't take it off."

Miss Vopalka related "I said, 'Oh, to hell with it,' and put my jacket over him and ran to a nearby tavern for help."

Ross Vazzano assisted Miss Vopalka in removing Mislavec's remaining clothing, which had burst into flame while she was summing up.

"It was the only thing to do, pride or no pride," she said. "I'd do it again if I had to."

HOLLYWOOD — Columbia Studios appeared the winner today in its breach-of-contract court fight with film star Rita Hayworth.

N. Hampshire Vote is Edict for Nixon

Gets Unprecedented Support From Spontaneous Write-in

MANCHESTER, N. H. — Vice President Richard M. Nixon polled a resounding vote of confidence in New Hampshire's first-in-the-nation primary Tuesday that Republican leaders called a "mandate" to retain him as President Eisenhower's 1956 running mate.

Sen. Estes Kefauver won in the Democratic balloting with comfortable leads in all 12 delegate races. His supporters hailed the results as a "great victory" over Adlai E. Stevenson.

Nixon's support came from a spontaneous write-in movement. His write-in votes for Vice President lagged only slightly behind the marked ballots cast for President Eisenhower.

THE NIXON showing was considered especially significant in view of reports that the Vice President might be dumped from the 1956 Republican ticket as an unpopular and undesirable running mate for a presidential candidate who recently suffered and recovered from a serious heart attack.

The write-in vote for Nixon was unprecedented. There was no reason, other than their liking for Nixon, to lead Republican voters to express their opinion for a vice presidential candidate.

With all but 13 of the state's 297 towns reporting, Nixon had 21,157 votes, Gov. Christian A. Herter of Massachusetts 2631, and Sen. Styles Bridges of New Hampshire 1847 on the write-in Republican ballot.

In the Republican popularity poll, President Eisenhower received 53,551 votes. He was unopposed. Kefauver, unopposed in the Democratic preferential poll, received 20,343 votes.

Stevenson got 3602 votes in a Democratic write-in.

Confesses Giving Ant Poison to 6 in Her Family

MONTGOMERY, Ala. — A 49-year-old waitress confessed last night she fed fatal doses of ant poison to three of her children, two husbands and mother to collect their insurance.

Police said Mrs. Rhonda Belle Martin signed a statement admitting her relatives' deaths and said she confessed poisoning her present husband, Roland Martin, who is recuperating in a Biloxi, Miss., hospital. He was her stepson and is 19 years younger than his red-haired wife.

Atty. William Thetford said an "investigation is still continuing" into the deaths of two more of Mrs. Martin's daughters.

The checks were written to pay for various bills, including room rent, paint supplies, gifts, groceries, liquor and clothing.

In most cases the writers listed out-of-town addresses, and police agencies there are being asked to help.

He'd be 'Very Happy to Run with Him'

Indorsement Follows Californian's Big New Hampshire Vote

WASHINGTON — President Eisenhower said today he would be very happy to run for reelection with Vice President Richard M. Nixon.

The President at a news conference gave his strongest indorsement to date of the Vice President. "I would be very happy to have Mr. Nixon on any political ticket on which I am a candidate," he said.

The Chief Executive, in what he hoped would be his final public discussion of the matter until the Republican convention in August, said he was very happy to have Nixon as his friend and associate in government.

MR. EISENHOWER'S latest comments on Nixon followed on the heels of the heavy write-in vote received by the Vice President in yesterday's New Hampshire primary balloting. New Hampshire Gov. Lane Dwinell said that "if the trend continues, it could be interpreted as a mandate" to the Republican convention to renominate Nixon as Mr. Eisenhower's running mate.

Other news conference highlights:

MR. EISENHOWER urgently counseled patience and understanding in dealing with segregation issues in the South. He deplored the activities of extremists on either side of the question. He endorsed the idea of the creation of a real investigative body by Congress to study the matter.

HE EXPRESSED friendship for both Great Britain and Greece. He said the United States is ready to do anything reasonable and practicable to help them reach a solution of their dispute within the framework of the United Nations and the North Atlantic Treaty Organization.

HE SAID THIS country had not definitely decided against letting Israel buy arms.

MR. EISENHOWER'S apparently full indorsement of Nixon was delivered to the news conference with the prior knowledge of the Vice President. They had a half-hour meeting yesterday.

Obviously mindful of reports that he might "dump" Nixon as a running mate this year, the President likened his relations with Nixon to those of a brother. He said anyone who attempted to drive a wedge between Nixon and him would have no more success than if they attempted to drive a wedge between the Chief Executive and his brother.

Mrs. Eisenhower said that apparently lots of people in New Hampshire agreed with what he had said in praise of Nixon last week. Summing up his feeling about Nixon "in exactly the terms I mean," the President said:

"I am very happy that Dick Nixon is my friend. I am very happy to have him as an associate in government. I would be happy to be on any political ticket in which I am a candidate with him. Now, if those words aren't plain, then it is merely because people can't understand the plain, unvarnished truth."

Two women involved in separate one-car accidents north of Palm Springs, remain in Desert Hospital, the condition of one critical, the other fair.

Village Boy Held by Avalon Police

A 16-year-old Palm Springs boy who dropped out of high school here three months ago was arrested by Avalon police after it was found he had been in Catalina nearly two weeks without earning money to eat or sleep, according to Sgt. Ted Greene.

The lad's parents were notified, and said they would attempt to make arrangements with friends there to take custody of their son till Saturday, when they would return him to the Village.

Avalon police indicated they would release him without filing a complaint.

Greene said the family had lived on Catalina 9 years.

Summor Names Associated as Exclusive Agent

Associated Realtors of Palm Springs, 457 North Palm Canyon Drive, today was named exclusive sales agent for Summor Estates, residential subdivision which is part of a proposed \$50 million development of A. R. Simon and Ray Ryan, located north of McCallum Way.

The property is also being placed in Multiple Listing, the first such subdivision to be entered, according to Mike Jekyll of Associated, who is chairman of the Multiple Listing division of the Palm Springs Real Estate Board.

Nine homes have been built at Summor to date, and four of these sold. Plans are in the hands of the contractors for another six houses, Jekyll said. Spacious lots also are available. An added advantage is that sewers are in, and paid for.

Several apartment house projects are planned for the McCallum Way frontage, and on the drafting board are plans for a 200-room hotel.

Jekyll pointed out that the master street plan of the city calls for extension of Racquet Club Road (to be called Farrell Drive) as a major east-west street to intersect with Highway 111. A \$3 million shopping center is set for the Farrell Drive frontage.

Toll from Cancer Told by Head of Local Drive

"We know that cancer now strikes one person in every four, and that at the present time the life of one patient in every four is being saved. We also know that two patients in every four could be saved if only the facts of cancer were properly understood in the home."

This was the statement made by Mrs. S. P. Manasse, co-chairman of the Cancer crusade in Palm Springs and vicinity, plans for which are now being completed.

Mrs. Manasse will work with Ray Lusby, chairman of the campaign, and a group of prominent villagers, in an aim to raise a quota for cancer research and to extend education to reduce death from cancer.

'Thrifty Week' Sale Set to End this Weekend

Only a few days remain to take advantage of Thrifty Drug Stores' sensational "Thrifty Week" sale, it was announced today by local Thrifty officials. The annual money-saving event ends at the close of business this Saturday night, they revealed.

In addition to daily specials which local managers have selected to be of great interest hundreds of items in every department are included in the sale.

Heading the list of specially-priced merchandise during "Thrifty Week" is Knapp-Monarch Steam Iron. This steam iron has made hundreds of friends among housewives who save time and effort every ironing day with the popular Knapp-Monarch.

A Spring gardening feature during "Thrifty Week" is a fully-guaranteed 75 foot green plastic garden hose. For the man in the family, "Thrifty Week" selections include a box of 50 King Edward cigars and regular argyle socks at special prices.

The popular ladies' choice, Sol-tair lotion by Compans, is available this week at an extremely low price.

Thrifty officials emphasize that it is impossible to list all the items

Connie won't you come home? Your boy Ruby is mighty blue?

Sat with Ruby the other night while he and Miss Boni Buehler, her attorney, Louis DiRista, were chatting around a table in The Dunes. Miss Buehler has been written about in newspapers from coast to coast—she lost an arm and a leg under the propellers of a speedboat while swimming in Lake Arrowhead. Nothing new in the way of fresh news about this refreshing young girl, except the following which I believe you all would like to read:

"How one feels about this or that is nothing more than a state

of mind. To me the greatest thing that looms on the horizon is the marriage of my sister Jaci in Ogden, Utah, April 2. I have been selected as her maid of honor," beamed Boni. "And I'm going to walk down the aisle behind her on my crutches."

Ruby almost shed tears with this statement while the joyful one-armed and one-legged girl just beamed and laughed with anticipated pleasure. And all of this makes me think of that oldie: "That nothing can be so bad that it cannot be worse."

HOWARD HUGHES is one of our greatest patriots. That is the

firm and positive belief of one Jim Ashman, head of Air Associates and big stockholder in El Mirador hotel property. I've known Jim Ashman for several years. I have known Howard Hughes for almost ten years. What one person may think of another may not necessarily be the same of the man who lives next door. But be that as it may, I was quite surprised to hear a man like Ashman make his declaration and to have it followed up with the reason for his appraisal of Howard Hughes as a great patriot.

"Howard walked into a meeting of aircraft manufacturers in Washington not so long ago and he asked: 'What will win the next war if it comes, gentlemen.' I can just picture Howard Hughes asking that question.

Perhaps he was unshaven. Wearing baggy pants and in general disarray as compared to the best dressed man. He doesn't care

either. Then the answer in one word: "Electronics."

Howard Hughes then ordered without benefit of contract relationship with this government approximately \$4,000,000 worth of research and production. "And that contract with those organizations was guaranteed by Mr. Howard Hughes himself. Let somebody top that," declared Ashman.

IN OUR TOWN and dining at The Dunes was Bert Friedlob, Hollywood producer; Don Hartman, Larry Finlay at the same place and later at The Desert Inn's Jimmy Vaa Heusen's Piano Bar.

Doli Housing were: Mrs. Waltham Clarke and her parents; Mr. and Mrs. Thomas Hull; Bob MacKenzie's father-in-law and Mr. and Mrs. George Wheeler entertaining friends from Balboa. Victor Mature just missed his ex-wife when he walked into Ethel and George Strebe's swanky saloon.

Calectric Gross Revenues are Up

At the Beachcomber had me a party with a group which consisted of Mr. and Mrs. Richard Long, Mrs. Milt Hicks, Judith Howard, Mr. Frank Harper, Denver, Colorado, and Allen Dale, owner of the Villanova restaurant in Beverly Hills. Harper, by the way, is in the process of building 32 homes in the Thunderbird area. And he is definitely sold on this desert area, and how!

Here's one that Phat Graettinger handed me which may give you a bit of a chuckle.

A beautiful mermaid suddenly popped up alongside of a destroyer in the South Pacific with a baby in her arms and surprised the sailor at the rail with this query: "I just want to know," she asked, "if you have a diver aboard by the name of Marvin?"

Consolidated gross revenues of California Electric Power Company for 1955 were 11½ percent above the preceding year, and net earnings were equal to 96 cents a share on average common stock outstanding during the year, Albert Cagapresident, reported this week.

"At this time, there is no evidence that the substantial rate of growth experienced by the company is leveling off," Cagapresident said in the annual report.

Electric construction in 1955 totaled \$11,128,000, up 44.6 percent from 1954, and expenditures for 1956 are budgeted at \$16,400,000.

Coffee Marks 80th Birthday with New Plans for Future

DESERT HOT SPRINGS—Plans for construction of a new 275 foot hot mineral water swimming and bathing pool were disclosed this week by L. W. Coffee, pioneer Desert Hot Springs developer.

The pool will be constructed on Eighth Street, north and across the street from Coffee's DHS Bathhouse.

It will be the second longest natural hot mineral water in the U.S.—the only one longer being in Colorado.

Coffee, generally credited with being the founder of Desert Hot Springs, announced plans for the new pool on his 80th birthday, which was this Monday.

ARCHITECT'S drawings for the new pool are not complete, and the opening date of construction work is uncertain, but Coffee said that he is shooting for completion by September 1.

A spectacular feature of the pool will be a 16 foot by 4 plate glass window at its deep end, through which spectators at night may watch floodlit swimming exhibitions. In the daytime, visitors may watch or photograph their friends as they cavort underwater.

The pool will be flanked by attractive cabanas and change rooms. TENNIS COURTS will be built adjoining the pool, and Coffee envisages the construction later of an artificial lake to the west of the pool, from which the entire surrounding area can be irrigated and transformed into a park.

The old adobe built on the property by William Anderson in 1914—first structure to be erected on this side of the railroad line—will be left undisturbed, and will be marked as an historical monument, Coffee said.

Four Gem, Mineral Societies Plan Two-Day Camp-Out at Chuckawalla

PALM DESERT — Members of the Shadow Mountain Gem and Mineral Society and the Coachella Valley Mineral Society will participate in a two-day camp-out in the vicinity of the Chuckawalla Mountains, Saturday and Sunday, March 17 and 18.

Joining them for the weekend rock trek are members of the Pear Blossom and Antelope Valley Gem and Mineral Clubs, both Antelope Valley organizations. The chuckwagons of the C.V.M.S. and

S.M.G.M.S. will both be on the job.

Mary Frances Berkholz, field trip chairman of the California Federation of Mineralogical Societies, will ramrod the trek into the Wiley Well area near the eastern end of the Chuckawallas.

Those desiring to join the group should make chuckwagon reservations with Mrs. Gaylon Robertson, C.V.M.S. Phone 7-7221, and Herb Oviets, S.M.G.M.S., 9-2636. Group will meet at the turnoff of Highway 60-70 at 9 a.m. Saturday.

ST. PATRICK'S DAY always means a big party at El Mirador, and here Mr. and Mrs. John Stauffer of San Francisco, Los Angeles and Palm Springs, who have dinner reservations for the big night, are getting into the mood with tall green hats and clay pipes. (El Mirador Photo)

Dinner Fetes Store's Third Anniversary

Celebrating the third anniversary of her Oasis Men's Store, Mrs. Katie Nelson entertained staff members and a few close friends at a Saturday night dinner at the Palm Springs Ranch Club. There were around 20 at the dinner which was climaxed by a candle-light cake.

Among other diners that night were Chef Milani and his wife, with the TV personality doing some impromptu singing. El sin ore Machris Gilliland was dining with Mr. and Mrs. William Murphy of Los Angeles, and the Joe Pawlings with the Ed Fuehrers.

Others were the Terry Rays, Howard Kaufmans, Richard Bagdasarians, Dr. and Mrs. Clarence Woodmansee and their two daughters.

Among the many out of state guests enjoying the fashionable spot were: Mr. and Mrs. Thomas McCreedy of Kansas City; Mr. and Mrs. Elwood Washburn of Providence, Rhode Island (who boasts that his tan cost thirty-six dollars a square inch); Mr. and Mrs. Roy Cummins and children, Leslie and Christopher of Roseburg, Oregon. Also Mr. and Mrs. A. T. Ridinger of Minneapolis; Mr. and Mrs. Howard Gaines of Yakima, Washington; Mr. and Mrs. Ehrman Guistina of Eugene, Oregon.

Plotkin went to Los Angeles Monday morning to visit with a sister, Florence Plotkin, but will return to Palm Springs before returning East. He is head of the Drake Manufacturing Company (baby supplies) of Chicago.

Morrie and Dorothy Nolan of Venice were weekend guests of Mrs. Nolan's sister, Jean Alcala. The Nolans attended the luncheon at Shadow Mountain Club Monday for golfers and tournament enthusiasts.

Old Erin Comes to El Mirador

There will be a blarney stone, leprechauns and even a spotted pig, to lend a touch of Old Erin to the annual St. Patrick's Party at El Mirador Saturday night.

The Starlight Patio will look more like a part of Castle Killarney as the Irishmen gather for cocktails, starting at 7 p.m.

Corned beef and cabbage and Irish stew will be starred on the dinner menu that night and the special entertainment will be of the kind to make a true Irishman laugh and cry, and everyone will be exclaiming "It's a great day for the Irish."

Advance reservations have been heavy for this popular affair. The Sam Kramers of Placentia will host a dinner for 20, and the William Bannermans are entertaining, celebrating both St. Patrick's Day and Mrs. Bannerman's birthday.

The William Reichels will have a party of 10, and Ray Ryan will host a dinner group. Among others with reservations are Mr. and Mrs. Roy Harlow, the Ernie Youngs, Mr. and Mrs. William Groves, just arrived from Chicago. Mr. and Mrs. Arthur K. Bourne of Lake Tahoe and San Marino. Mr. and Mrs. Ed Robbins will have a party, including their houseguests, Dr. and Mrs. Donald Mershon of Chicago.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U.S. Pat. Off.

NEW YORK (AP) — Philadelphia is the basketball capital of the world today with the major cities generally taking over a sport once regarded as a rural specialty.

That, at first glance, may look like the overstatement of the year. But don't start throwing those rocks until all the evidence is in. Because it seems improbable that any city can match the Philadelphia basketball story.

AS A STARTER, consider that Temple University, with a completely homegrown squad, is in the NCAA tournament and started off by upsetting favored Holy Cross. If you think that's a fluke, remember that Temple beat Kentucky—at Lexington—this season.

St. Joseph's of Philadelphia is third seeded in the National Invitation Tournament. Eleven of the 13 players on the squad are Philadelphians.

The City of Brotherly Love is making itself felt on foreign courts, too. Duke captain Joe Belmont is from Philadelphia, as are North Carolina State captain Phil D'Nardo and his teammate, John Maglio. Canisius, which upset North Carolina State in the NCAA first round, has a pair in Bob Kelly and Francis Corcoran, and it was Corcoran's shot which decided the game.

CERTAINLY YOU'VE heard of Wilt (The Stilt) Chamberlain, the most sought-after high school star of 1955 who now is a freshman at Kansas. And they're raising two more youngsters in 6-5 Horace Walker and 6-8 Ray Scott who have the nation's college coaches drooling.

This is not a new thing. Remember Tom Gola and La Salle? In the last five years they won both the NIT and NCAA titles.

Nor do the Philadelphia boys stop there. Right now the Philadelphia Warriors are in the process of wrapping up the NBA professional championship — and eight of their 10 players are home grown.

THEY ARE Gola, Jack George and Jackie Moore of La Salle, Ernie Beck of Penn, Paul Arizin and Larry Hennessey of Villanova and Philadelphia's Neil Johnston and George Dempsey.

All of which sustains the fact that the big cities, taking the accent off football for various reasons and concentrating on basketball, are supplying the great majority of the top basketball talent. As example, seven of the 10 most highly touted All-Americans this year were from major population centers. These included Bill Russell of San Francisco, Oakland; K. C. Jones, San Francisco; Robin Freeman, Ohio State, Cincinnati; Si Green, Duquesne, New York; Ron Shavlik, N. C. State, Denver; Tom Heinsohn, Holy Cross, Union City, N. J., and Len Rosenbluth, North Carolina, New York.

BASKETBALL in its infancy developed sensationally in the smaller towns and cities. It was less costly than other sports and didn't require as many competitors. For a time it became the almost exclusive property of the Midwest. But apparently the kids from the concrete are taking over now and, with more kids to choose from, they have dribbled into the lead. Particularly in Philadelphia.

Bruins Land 2 on All-PC Five

LOS ANGELES (AP) — Champion UCLA landed two players today on an All-Pacific Coast Conference basketball team selected by the nine PCC coaches.

The first team's combined scoring average totaled 98.9 points a game. Named by coaches to a second team were Dave Gambee, Oregon State; Earl Robinson, California; Jack Dunne, Southern California; and Barry Brown and Bill Bond, both of Stanford.

Players receiving honorable mention were Bob Blake and Larry Friend, California; Jay Buhler, Idaho; Max Anderson and Charlie Franklin, Oregon; Larry Hauser, Jack Lovrich and Tony Psaltis, Southern California, and Jim Co-show and Doyle Perkins, Washington.

Sign with A's

LOS ANGELES (AP) — The Kansas City Athletics today announced the signing of two Southern California youths—Art Beck Jr., 19, Riverside, and Bill Barron, 20, Los Angeles.

Bruins Lose, 2-3

LOS ANGELES (AP) — The Camp Pendleton Marines defeated UCLA, 3-2, Tuesday on the losers' diamond.

LAST DAY of batting practice at the Polo Grounds progresses before the start of an exhibition game schedule, starting here Friday. Tony Padilla takes a cut as a hopeful, Phil Tombs, waits his turn. Del Ballinger waits for the ball that never hit his catcher's mitt.

Pitching and catching problems seem to be plaguing the Padres, but veteran Padre catcher Dick Aylward showed up yesterday to partially plug the gap. (Desert Sun photo)

Sauer Again Swatting Ball with Old Zing

By JOE SARGIS
United Press Sports Writer

The Chicago Cubs, whose favorite pastime this winter was picking up spare outfielders, may have the man they were looking for on their roster all the time.

Hank Sauer, the forgotten man of 1955 who was able to get into only 79 games when Manager Stan Hack passed him up for younger players, is smacking the ball with his old power in exhibition games to date. From the looks of things its going to be awfully tough to pass him up again.

Sauer drove in three runs with a homer and single Tuesday to keep the Cubs in a game they eventually lost to the Cleveland Indians, 11-7.

DEAN STONE, who is beginning to look more and more like a one-year "flash," got belted around for nine runs by the Chicago White Sox in three innings Tuesday as the Senators took a 9-2 loss. Stone gave up eight hits and walked seven batters before Manager Charlie Dressen took him out.

Elsewhere, the New York Yankees staved off a ninth inning rally on a fine catch by rookie outfielder Bob Marlyne to defeat the Boston Red Sox, 3-2. Gary Blaylock, a pitcher who likes to swing the bat, tripled in two runs in the seventh inning to lead the St. Louis Cardinals to a 3-2 win over the Detroit Tigers; a forceout in the ninth inning with the bases loaded enabled the Pittsburgh Pirates to eke out an 11-10 win over the Kansas City Athletics.

JOE BLACK, Hershel Freeman and Hal Jeffcoat set the Phillies down on seven hits to lead the Cincinnati Redlegs to an easy, 9-0 victory. George Wilson's single with the bases loaded in the 11th inning gave the New York Giants their fourth straight exhibition victory, 7-6, over the Baltimore Orioles.

In a night game at Miami, Fla., the Milwaukee Braves jumped on five Brooklyn Pitchers for 13 runs and 21 hits in an easy 13-0 victory.

At the Training Camps

By UNITED PRESS
DELAND, Fla. (AP) — The San Francisco Seals won their second straight victory of the new training season yesterday by defeating Rochester of the International League, 5-4.

The Pacific Coast League team apparently iced the game in the first inning with a four-run outburst, but Hal Buckwalter saved it in the ninth. He made a spectacular catch against the fence with two out and two men on.

ANAHEIM, Calif. (AP) — The Hollywood Stars had another strenuous workout on tap today as Manager Clay Hopper got the club ready for its first intrasquad game tomorrow.

The arrival and signing of veteran star outfielder Carlos Berrier highlighted yesterday's drill.

LOS ANGELES (AP) — Manager Bob Scheffing hoped today the slugging of his Los Angeles Angels in spring training is an omen of things to come during the season.

Infielder George Freezie hit two balls out of Wrigley Field yesterday, third baseman Buzz Clarkson slammed one and rookie catcher Sam Mauney hit another over the wall during a three-hour workout. The Angels play an intrasquad game tomorrow.

Dodgers, Giants Again Favored

LAS VEGAS, Nev. (AP) — The Brooklyn Dodgers and New York Yankees were solid choices here today to successfully defend their pennants.

The Derby Sports Book listed the world champion Dodgers as the even money choice in the National League. The Yankees were quoted at 6-5 in the American League.

Fight Results

By UNITED PRESS
LONDON — Yolande Pompey, 170½, Trinidad, B.W.I., stopped Moses Ward, 164½, Detroit, 7.
TAMPA, Fla. — Willie Pop, 127, Tampa, Fla., outpointed Kid Vampecha, 128, Mexico, 10.
HOLYOKE, Mass. — Ted Doncaster, 166, Sakville, N.B., stopped Roger Fernandes, 166, Sacramento, Calif., 2.

Indians Start Net Season at Coachella

The tennis season gets a belated start today as both the Palm Springs Girls' and Boys' tennis teams go after a victory against the Coachella Arabs on the Arab's home courts.

In a practice match against Coachella two weeks ago, the Boys' team won handily and figures to have little difficulty in disposing of the Arabs again. Last week a match against the Elsinore Tigers was cancelled and will be played later on in the season. Coach Alex Hammond looks for the Tigers to provide the only real stiff competition for the Indian netters, who with virtually the same team won the championship easily last year.

The Girls' team, however, lost to Coachella, winning only one match. Their chances are better today as two members of last year's championship team will return to action. Jean Staley, another of last season's netters, is still recovering from a foot injury.

SAN BERNARDINO (AP) — The Seattle Rainiers go after their second straight exhibition game victory today when they host the strong University of Southern California team here.

The defending Pacific Coast League champions made 20 hits count for a 22-0 victory yesterday over the Point Mugu Naval Air Station.

GLENDALE (AP) — Portland Manager Tommy Holmes joined other Pacific Coast League pilots today in praising excellent weather conditions which have prevailed so far in Southern California for spring training.

Holmes said the good weather has enabled him to bring his squad along on schedule.

Carter, Jordan Bout Postponed

LOS ANGELES (AP) — Former lightweight champion Jimmy Carter's Olympic Auditorium fight with Young Don Jordan has been postponed a week to March 29.

The 10-round bout originally was scheduled for March 22.

Fairfield in Champs

LAS VEGAS, Nev. (AP) — Don Fairfield, winner of the Pensacola Open on Monday, today was added to the field for the \$37,500 Tournament of Champions here April 26-29.

Go to San Bernardino for First 1956 Game Tomorrow

The San Diego Padres wind up their batting practice schedule and intra-squad competition today, and head for their first spring training exhibition game against Seattle at San Bernardino tomorrow.

Competition for first base between Dick Sisler and Joe Macko sizzled yesterday. The hitting of Macko was the talk of the camp at the Polo Grounds.

Macko has been pounding hard since workouts started day before yesterday. He slammed 37 homers for Tulsa during the past two seasons before being bought by general manager Ralph Kiner.

Friday will be the first local game at the Polo Grounds, when Seattle returns here to play the Padres.

Although San Diego will be the host at the field with its 400-foot stretch to the center field fence, Seattle has played the field for five seasons. They trained here previously, as the Padres are now.

The game Friday will start at 1:30 p.m. Tickets, singly or in groups of six, are on sale at Sportsman's Center, Beck Brothers Men's Store, Nelson's Oasis Men's Shop and Ramon Drug.

Single tickets cost \$1, books of six, \$5. The Palm Springs Junior Chamber of Commerce are in charge of sales.

Basilio Favored 2 to 1 in Saxton TV Bout Tonight

CHICAGO (AP) — Craggy-faced Carmen Basilio, a rugged relentless mauler, makes his second defense of the world welterweight crown tonight at Chicago Stadium against ex-champion Johnny Saxton of Brooklyn, owner of the fastest hands and most nimble legs in the division.

This first meeting between slugger Carmen of Chittanooga, N. Y., and the Negro orphan of Brooklyn, who developed into an exceptionally slick boxer, is expected to attract 10,000 fans and \$75,000.

The scheduled 15-rounder will be televised and broadcast nationally over ABC networks at 10 p.m. EST for a fee of \$50,000. Champion and challenger will receive 30 per cent each of the net gate and TV-radio money — probably about \$33,500 each.

Because of his aggressiveness, stamina, ruggedness and harder punching, Basilio is favored at 2-1 to register his 13th straight victory and to prevent Saxton from becoming the eighth man to recapture the welter crown.

Legislative Unit Plans Bills for Flood and Disaster Relief

SACRAMENTO (AP)—An Assembly subcommittee has outlined this 10-point program for flood and disaster relief, bills for which will soon be acted on by a screening committee.

1. A proposal to devote a portion of tidelands oil revenues to water and flood control projects.
2. Creation of a state planning agency at a cost of about \$35,000 to make local governments eligible for some \$16 to \$18 million in federal funds.
3. An administration bill proposing a \$20.8 million fund to provide grants on a matching basis for repair of flood damaged public facilities. It also would provide for long term loans to enable political subdivisions to meet matching provisions.
4. Direct grants to schools without matching provisions.
5. Direct grants to small public utility districts which have exhausted their tax and bonding resources and are unable to repair necessary facilities.
6. A previously vetoed bill to set up a revolving loan fund for small public utility districts.
7. Legislation to permit cities and counties by ordinance to allow property owners suffering \$500 or more damage to ask and get a reappraisal of their property. The measure would permit supervisors to adjust their current taxes now due and payable.
8. Direct grants or loans to cities or counties to replenish their budgets if their tax base was destroyed by the floods.
9. Establishment of a \$5 million fund for furnishing food, shelter and clothing to disaster victims.
10. A catch-all bill providing for direct grants for disaster relief.

F. K. Dawson, city administrator for Yuba City has urged the committee also to consider legislation making so-called Christmas tree fund money available for planning in order to take advantage of federal urban renewal programs.

Couple Blown from Room by Nearby Crash

VICTORIA, Tex. (AP)—A jet fighter plane that caught fire at 12,000 feet yesterday crashed near a house with such force it blew a man out of his kitchen and his wife out of her shoes.
The pilot, Capt. John E. Gibson, 29, Wilmington, Del., bailed out when his F100 Super Sabre jet caught fire. He drifted about six miles before landing unhurt in Memory Garden Cemetery near the edge of town.
His plane hit the ground with such impact that it drove itself out of sight.
The jet crashed 20 feet from the back porch of the five-room frame house of M. Sgt. Ted Porter, 35, stationed at nearby Foster Air Base. He and his wife were blown away from their lunch table by the concussion.
Porter was blown through the kitchen door into the back yard. His wife was blown out of her shoes and into the bathroom. Neither was hurt except for shock.

President Urges Farm Bill Speed for Planting Season

By UNITED PRESS

President Eisenhower urged Congress today to put some "speed" behind the farm bill because "the planting season is rushing on us."

The senate meanwhile continued item by item voting on the controversial bill. Democratic Leader Lyndon B. Johnson of Texas said a special Saturday session will be held, if necessary, to complete action this week.

IN TODAY'S first vote, the Senate approved a new parity base for cotton that will result in a reduction of about two cents a pound in price supports. The new formula bases cotton parity in one-inch fiber rather than on 1/8 inch as in the past. The Senate defeated, 47 to 42, an effort by Sens. Walter F. George (D-Ga.) and Walter S. Kerr (D-Okla.) to knock the provision out of the bill.

Other congressional news:

LOBBYING: Sen. Theodore Francis Green (D-R.I.), chairman of the Senate Rules Committee, was uncertain as to how his group should handle a bi-partisan bill on election reforms. Noting that it is sponsored by 85 of the 96 senators, he said much multiple sponsorship of legislation discourages discussion and "there's a real evil there." Democratic leaders may bypass Green's committee to speed up action.

INCOME: Secretary of Commerce Sinclair Weeks told the House Banking Committee Congress should stop forcing businessmen to disclose their financial interests when they take government jobs without pay. He said they are "men of character and integrity" and the practice is "wrong and unnecessary."

AIR POLLUTION: Sen. Thomas H. Kuchel (R-Calif.) told a Senate Appropriations Subcommittee research into the air pollution menace should be expanded rather than curtailed. He urged restoration of a \$260,000 cut voted by the House so the Public Health Service can launch a promising demonstration program.

SEGREGATION: Northern senators pondered whether to issue a declaration supporting the Supreme Court's school desegregation ruling. The proposed declaration would answer a manifesto signed by 100 southern congressmen attacking the high court ruling.

TAXES: A House Ways and Means Subcommittee tentatively approved a bill levying about \$12.5 million in new excise taxes on tape and wire recorders, record players, tubeless tires and gas-operated garbage disposal units.

EX-PRESIDENTS: A House subcommittee invited former Presidents Harry Truman and Herbert Hoover to advise it on when a president is unable to carry on his duties.

Record State Budget May Go to Vote Today

SACRAMENTO (AP) — The largest budget in California's history is up for debate today and possibly a final vote in the Assembly.

The budget as recommended to the Legislature by Gov. Goodwin J. Knight was \$1.736 billion, up \$130 million from the previous record-breaking expenditure in the current fiscal year. But the lower house Ways and Means Committee added another \$16 million to Knight's proposal, so now the budget stands at \$1.752 billion.

The senate has not yet completed committee action on the budget bill and probably will wait until it gets the lower house version before giving final passage to the budget, later in the session.

When the appropriations measure finally is voted upon in the lower house, the roll call will establish the Assembly's policy on three important issues:

The Feather River Project. The budget includes \$5.1 million to acquire immediately the sites of both the Oroville Dam and San Luis Reservoir. Ways and Means tacked on \$3.9 million for engineering studies and land acquisition of a San Benito-Santa Clara-Alameda County division and for additional study of alternate routes for Feather River water in Southern California.

The Winter Olympics. Knight requested that the Assembly approve a \$4 million item to guarantee that the Winter Olympic Games will be held at Squaw Valley in 1960. Ways and Means added some amendments to assure full repayment to the state.

A five-year beach and park acquisition program. The governor asked for \$25.6 million to acquire 119 beaches and parks, the money to come from impounded tidelands oil revenues. Ways and Means added another \$4 million for Los Angeles County projects and \$2.6 million for a bypass of U.S. Highway 101 around the redwood groves in Humboldt county.

Other developments: GAS TAX: Sen. Randolph Collier (R-Yreka) said he would go ahead and introduce a bill boosting the gas tax by 4 cent a gallon for the next 18 months in order to get \$38 million to finance reconstruction of flood damaged highways. Knight opposes the bill as do several legislators.

WATER DEPARTMENT: Sen. Ben Hulse (R-El Centro) said he thought a Knight-favored proposal to create a single department of water resources was "a lousy bill." He said he would oppose it all the way.

WATER RIGHTS: The Metropolitan Water District of Southern California announced it would wait until the 1957 session to push for passage of a constitutional amendment clarifying water rights between Northern and Southern California.

SCHOOL CONSTRUCTION: An Assembly Committee recommended a new state agency be created to speed up allocation of state money for school construction.

DIRECTORS AND COMMITTEEMEN of the Rocky Mountain Chapter, Arthritis and Rheumatism Foundation of Colorado, Montana and Wyoming arrived in the Village yesterday to confer on special events for the foundation. Arriving at the Palm Springs airport, motion picture actor Charlton Heston, chairman of the motion picture committee of the foundation, and Ralph E. Noller, executive director of the foundation, were met by State Senator A. B. Hirschfield of Colorado, and the three men drove to the Floyd Odlum ranch in Indio for their meeting. As Noller alighted from the plane in Palm Springs he commented, "What beautiful weather—when I left Denver yesterday morning it was seven below zero." (Desert Sun photo)

March of Dimes Drive Yields Total of \$7019

Palm Springs residents were generous with their contributions for the March of Dimes drive, Mrs. Sidney Noles and Mrs. N. H. Curtis, co-chairmen, said today as they announced a total of \$7019.45 raised in the three-week campaign.

Issuing a final report, they listed the following totals raised by various activities: Dime cards, advance gifts, canisters, and business houses, \$2067.77; Mothers' March, \$1810.03; Schools and Faculty Club, \$692.34; milk bottles, \$300.72; March of Dimes ball, and Elks Club parade and dance, \$2148.59.

The co-chairmen expressed their appreciation to everyone who aided in the campaign, and to those who contributed.

Community Chest is Nearing Its Goal of \$50,000

Palm Springs Community Chest is reaching the last stages of its campaign, with the possibility still remaining of a house-to-house canvass to reach the \$50,000 quota, chairman Frank Bennett reported.

A last minute appeal by mail to persons not previously contacted is now under way, and if this is not successful, the house-to-house canvass, although not wanted, will be considered, Bennett said.

The chairman paid tribute to Desert Braemar for its donation of all proceeds from inspection of its model apartments at the intersection of Palm Canyon and Tahquitz.

"It's a wonderful display of community interest, and the funds

donated will greatly aid the six agencies sponsored by the Community Chest," Bennett said.

The vernal equinox will occur March 20 in 1956.

Carnation corner

There's something really special about Carnation Wild Mountain Blackberry Ice Cream. It's the berries! They're a particularly flavorful variety that will grow only in the Pacific Northwest.

M-M-M-M

For years these berries actually did grow wild—and were considered so choice that folks came from miles and miles around to pick them. Now, of course, they've been domesticated and we can enjoy that wonderful, tangy wild blackberry flavor blended all through creamy-rich Carnation ice cream. Try this delicious Treat-of-the-Month soon, won't you? You'll agree that only Carnation could make it so good!

You know, Carnation Wild Mountain Blackberry Ice Cream is such a delightfully distinctive flavor that it makes mighty fancy desserts out of even the plainest foods.

Spoon it over

... slices of uniced angel cake (use your favorite mix or buy the ready-made cake at your market).

... packaged dessert shells from the bakery section of your market.

... meringue shells from the bakery.

... instant or regular packaged vanilla pudding. (Children love this special treat.)

"Here Comes the Ice Cream Man"

When Marco Polo returned to Europe from his fabulous 14th century journey to the East, he told of orientals who sat on embroidered cushions and ate dishes of ice, brought down from the mountains by camel pack and flavored with exotic fruits. Little did Mr. Polo think this dramatic discovery would make him the father of the ice cream industry.

Of course ice cream making is lots more complicated today. Just think of the skill it takes to produce a flavor as delicious as Carnation Wild Mountain Blackberry.
